Sustainable Kirriemuir is a Scottish Charitable Incorporated Organisation (SCIO): Number SC052779.

Sustainable Kirriemuir E-bike Loans

In Scotland, over 40% of all journeys are less than two miles. Yet many of us still jump in the car for these short trips, even though we could often walk or cycle instead. Choosing to walk, cycle or use another active form of travel for short journeys can cut pollution, improve our health, and save us money. But, we've certainly noticed that Kirriemuir is a tad on the hilly side, so cycling isn't always easy! An e-bike makes travelling up hills and around town much easier!

Who are they for?

The e-bikes are available for anyone in the local area to hire. By the local area, we mean Kirriemuir, Forfar and surrounding glens and villiages. If you live further afield, please enquire with CycleHub.org who may cover your area. If you're unsure if you'll be eligible just pop a request in and we can have a chat.

How much will it cost?

The standard price is £30 per calendar month, with options to pay more or less depending on your circumstances. We want our scheme to be affordable, but we also need to cover our costs to ensure we can keep it running. Just choose the most appropriate cost for your circumstances when signing up and we'll invoice you for that amount when booking you in, no questions asked.

If you absolutely can't manage the cost but would like to try an e-bike please contact us to discuss other options.

Ready to hire an e-bike?

- Read through the Terms & Conditions on the next page to ensure you are happy with them and agree to them. If you have any questions, please get in touch with us.
- Complete our short request form and one of our staff will be in touch to arrange your loan.

Terms & Conditions

1. You must be over the age of 18 to hire an E-bike.
2. Helmets are provided free of charge for all bike users, and we strongly advise their use at all times. You are responsible for your own personal safety when using the bike.
3. You must comply with the Highway Code and consider the safety of other road users and pedestrians when using the bike. If you would like a refresher session on cycling safely and confidently on the road please select Yes when asked on the form if you would like to participate in our Adult Cycle Training or Bike Buddies scheme.
4. The bike provided is intended for use on roads and cycle paths and is not intended for rocky paths or mountain biking.
5. You should carry out an M-safety check of the bike before each use. We will show you how to do this when you collect the bike.
6. It is your responsibility to look after the bike at all times and you must not leave it unsecured. If the bicycle is left unattended, you should securely lock it up with the lock provided to you.
7. If you do not have somewhere secure to store the bike overnight please contact us to discuss options.
8. We expect you, as the hirer, to ensure no damage is caused to the bike or associated equipment (other than fair wear and tear) for the duration of your loan. We define fair wear and tear as any deterioration to an item due to its age and normal use. Damage is defined as any deterioration which was avoidable and due to the hirer's actions or omissions. A charge may be incurred for any damage.

Terms & Conditions continued

9. If the bike is damaged, or you discover an issue with the bike please report it to us as soon as possible by emailing info@sustainablekirriemuir.co.uk.
10. If a bike is lost, stolen, or vandalised you must report it to the police and inform us as soon as possibly by emailing info@sustainablekirriemuir.co.uk.
11. The bike must be returned clean and fully charged.
12. Full RRP will be charged for bicycles and equipment that are not returned.
13. Sustainable Kirriemuir, its employees, its volunteers and agents exclude all liability (whether statutory or otherwise) for any loss, damage or injury caused to you or your property, arising from any cause whatsoever, whilst you are using the equipment hired under this agreement. This exclusion of liability does not affect your statutory rights.

Battery Safety

As these are electric bikes we want to ensure you are using them safely when charging. Please follow these safety tips when charging:

- Always unplug your charger once it has finished charging.
- Plug the cable into a main socket rather than an extension lead.
- Do not cover the battery with anything while charging.
- Make sure you use the battery recommended by the manufacturer, provided with the bike.
- Always use the manufacturer-approved charger for the product.
- Ensure you have working smoke alarms on every floor of your home and in the room where you charge the battery.

If you have any questions please email us at: info@sustainablekirriemuir.co.uk.
